¹Compatible smart devices required.

²Google Home, Google Home Mini, Google Home Hub, and Google Home Max require a Wi-Fi network, a nearby electrical outlet, and a compatible mobile device. Minimum OS requirements are available at g.co/home/req. Optimised for selected compatible music and video services only. Subscriptions or payments may be required. Controlling your TV or speakers requires Chromecast. Auto-switch to HDMI input may need to be set up on TV.

³Nest Hello video doorbell, Nest Cam Outdoor, Nest Learning Thermostat, Nest x Yale Lock, Nest Cam IQ indoor, Nest Secure alarm system, and Nest Protect require an internet connection.

⁴Chromecast requires: a TV with an HDMI port, a Wi-Fi network, and a compatible mobile device. Minimum OS requirements are

at g.co/cast/req. Availability and performance of features and services are application-, device-, and network-dependent and may not be available in all areas. More information is available on the Chromecast Help Center. Subscriptions are required to view

layouts may need extra Google Wifi points for full coverage. Strength and speed of signal will depend on your internet provider.

Google Wifi requires broadband internet. Each Wifi point requires a nearby electrical outlet. The app requires a mobile device with Android 4 and up or iOS 8 and up.

*Google Home and Google Home Mini use Voice Match to recognise your voice, but a voice similar to yours, or a recording of your voice, could result in Google incorrectly recognising someone else as you.
